

Volunteers and clients say...

“I drive for VASL twice a week and enjoy meeting so many different people; knowing what a change I make to their lives. I thoroughly recommend it”

Ian, VASL Driver

“You have kept my life going, I have been able to hang on and get some quality out of life which makes a big difference, and you’ve made my life worth living”

Car scheme client

“I’m so grateful for such a wonderful service”

Become a volunteer driver and support your community

vasl.org.uk

Get out and about

Many people live in areas badly served by public transport or for various reasons are unable to drive themselves

All VASL Car Scheme volunteers are DBS checked and use their own cars to take people to medical appointments, shopping or leisure activities

We also take people on social outings, job interviews/training or wherever it is not possible for them to get to by themselves. Leicestershire County Council supports VASL in delivery of this project

Volunteer drivers

If you are over 25 and have the following:

- a valid driving licence
- an insured roadworthy car

Please get in touch

You'll receive training, attend our social events and be part of a team that will support you every step of the way

Plus, you'll get the satisfaction of knowing you are giving back to your community, you could be the only person a client talks to all week

Your questions answered.

Isn't this just a taxi service?

No, every client has to meet eligibility criteria and register with us

Will this effect my car Insurance cost?

No, you will need to notify your motor insurance company to let them know that your are doing volunteer driving but your premium will not increase

Will I be out of pocket if I volunteer?

Not at all, every driver is reimbursed mileage at 45p a mile which covers petrol and contributes to wear and tear on their vehicle

What if I think someone I drive could benefit from other services?

Information of all VASL projects are given to our drivers and we actively encourage you to let us know if you think someone could do with a different service
